

BRIEF ON SOCIETY'S ACTIVITIES

Local engineers founded the Society in 1946 'To enable engineers and those closely associated with the trade and profession of engineering to meet and interchange ideas in their respective subjects connected with the various branches of the engineering profession, and to promote the science and practice of engineering generally amongst its members'.

Joint meetings are held annually with the Institute of Mechanical Engineers. A programme is arranged for visits to local firms and venturing further afield trips have been made to industrial museums, railways, airfields, mines and to the viewing of differing manufacturing processes.

A Ladies' Night is held during each session and also an Annual Dinner. With lectures, social events and visits taking place we have a very active Society.

Membership is open to all interested persons. The annual fee is £12.00. Members pay no admittance charge, receive direct information and have priority on activities.

Visitors are very welcome - entry fee to lectures £2.00.

Reciprocal arrangements exist with the Lichfield Science and Engineering Society whereby members may attend each other's meetings without charge.

PATRONS

Briggs of Burton PLC, Derby Street, Burton
Dents Auto Electrical Ltd., 30 Dale Street, Burton
Key Diesel, Derwent Park, Hawkins Lane, Burton
Mid Anglia Engineering, Wetmore Road, Burton
Danelock Engineering, Paget Street, Burton
Trent Welding Ltd.

The Society is indebted to many local firms for their financial patronage enabling us to maintain subscriptions at a reasonable level, it also assists with the lecturer's expenses and general running costs, though social events and visits are always self-financing.
