

BRIEF ON SOCIETY'S ACTIVITIES

Local engineers founded the Society in 1946 'To enable engineers and those closely associated with the trade and profession of engineering to meet and interchange ideas in their respective subjects connected with the various branches of the engineering profession, and to promote the science and practice of engineering generally amongst its members.

Joint meetings are held annually with the Institution of Mechanical Engineers. A programme is arranged for visits to local firms and venturing further afield trips have been made to industrial museums, railways, airfields and to the viewing of differing manufacturing processes.

Membership is open to all interested persons. The annual fee is £15.00. Members pay no admittance charge, receive direct information and have priority on activities.

Visitors are very welcome - entry fee to lectures £3.00.

Students and Young Engineers - No Charge.

Reciprocal arrangements exist with the Lichfield Science and Engineering Society whereby members may attend each other's meetings without charge. Pre booking is necessary with the Secretary.

Parker & Son (Printers) Ltd. Wetmore Rd, Burton-on-Trent
Tel: 01283 568820 Email: office@parkerandson.co.uk

PATRONS

Briggs of Burton PLC, Derby Street, Burton
Burton Bridge Brewery, Bridge Street, Burton
Danelock Engineering, Paget Street, Burton
Mid Anglia Engineering, Wetmore Road, Burton
